PARKS READIED FOR SEASON

Val Henshaw and Frank Pimental have been working to bring the town's parks into top condition for the season. At Shipyard Park, the fishermen's locker building has received repair and a paint job. New steel doors will be installed so that the building can be secured against vandals. The building is now restored to good condition. Benches have been painted in the park by Mr. Henshaw. Mr. Pimental has been cutting the grass as well as fertilizing and applying weed killer. Selectmen are now in the process of obtaining "no dogs allowed" signs for posting at Shipyard Park, the bathing beaches and Veterans' Park.

Auto loan sail

Your next car might come equipped with a boat.

Buy that newer car now, and we'll give you a shot at one of four "Sea Swinger" sailboats. These sleek little craft are easy to carry, almost maintenance free, and lots of fun to sail.

To be eligible to win one, simply come to either our Middleboro or Mattapoisett office between May 1 and July 27 and get yourself a car loan. Then just sit back and relax until June 30th, the date of our first drawing.

If your name isn't drawn the first time, don't give up the ship. You're still eligible for a second drawing on July 31st.

But no matter how it goes, you're a winner either way. Because with a Plymouth-Home National car loan you get "same day" service, free life insurance, and low rates. And if you charge your payments against a Plymouth-Home checking account, you get even lower rates.

So don't put it off any longer. Sail into Spring with a newer car — and maybe even a boat — with a car loan from Plymouth-Home National.

A.F.S. PRODUCTION AT ART CENTER

Don't forget this Thursday and Friday nights the Marion Art Center will present "The Fourposter" for the benefit of the American Field Service Chapter. It will prove to be an enjoyable evening for all those attending and will aid in the financing of a foreign student in this district.

This year's student, Silvina Pereyra from South America is staying with the David Mc Cormack family in Mattapoisett. Silvina will be present both evenings to greet patrons. The Art Center is proud to aid in this program and sincerely hopes that its members as well as those from A.F.S. will take advantage of this fine production. Under the direction of Nancylee S. Gaucher, Sally Jones and Jeff Dunn will portray the married couple whose lives are entwined around "The Fourposter".

For ticket reservations please call the Art Center, 748-1266; or Mrs. Gaucher, 763-4264. Performances are at 8:30 P.M.

Mosquito Trouble Spots

The larvacide Flit MLO was applied by Bay Colony Copters on Friday, May 4, to the large swamp areas of Mattapoisett. Flit MLO is a larvacide that kills by suffocation and not poisoning. This completed the first phase of the mosquito control program.

Barry Denham, the mosquito control inspector, has been checking smaller swamps and areas with stagnant water. He has been applying Flit MLO where necessary. As the need arises he will also be treating catch basins.

The success of the Mattapoisett mosquito control program hinges on the continued support and cooperation of the townspeople.

It is important that we all examine our property and help eliminate all possible breeding spots. Mosquitoes will breed in any standing water, such as children's swimming pools, tires, boats, bird baths that aren't frequently changed, blocked gutters, low land or holes that contain water, etc. We can all periodically check these spots, especially after heavy rains.

If anyone has a particular trouble spot that is breeding and your measures to eliminate it haven't been successful, please call the Town Hall at 758-3758.

Moore, school district doctor, and Mrs. Miller, R.N., are the instructors for the total program and all classes. Parents are reminded that they may voluntarily exclude their children from the program by notifying the school in advance and that all written and media materials are available now for their review. These materials will be available to parents throughout the week of the program.

In the case of each topic the goal is to present factual information in a value-free sense. Those involved in instruction will try to provide students with knowledge necessary to decision-making. The home is still considered to be the source of values and the instructors will avoid value-centered discussions.

The final week of the program will begin May 14 and the topic will be environmental health. A final review of all aspects of this half-year pilot program will enable the school district to develop a comprehensive two year health curriculum for the Old Rochester Regional Junior High School.

covering the walls amid appropriate draping.

May 19th is the date for this lovely affair aptly named the Port 'N' Starboard Ball which is the highlight of the social season of the upper Cape.

Lee Castle with his Jimmy Dorsey orchestra will present renditions that have made him nationally famous. Vocalist Bob Eberle, one of the country's foremost ballad singers whose golden voice has pleased countless thousands, will be featured.

Waitresses in their saucy sailor suits cleverly styled by Mrs. Elizabeth Patrick and her aides will be there to serve you. Reservations are pouring in and it would be wise to act quickly to reserve a place as there will be a limited number of tickets. Reed's Answering Service at 295-6500 has been handling the calls for reservations. Everything points to a very special evening and all for a good cause.
